

## Climate E.O. 19-37

### Governor's Advisory Council on Climate Change Meeting Agenda

April 21, 2026

10 a.m. – noon

#### MEETING GOALS

1. Hear an update on the release of the 2023 greenhouse gas inventory data and current status of Climate Smart Food Systems initiative
2. Review and discuss the Minnesota climate adaptation and resilience cost study
3. Learn from Climate Advisory Council member Micah Niermann about the intersection of climate and health equity and connections to the 2026 Climate Action Framework
4. Discuss next steps for providing resources for Climate Advisory Council members to share the 2026 Climate Action Framework
